## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 does not clearly delineate the body of the claim from its preamble, thus failing to distinctly claim the subject matter which applicant regards as the invention. Additionally, the word "it" at line 2 of claim 1, makes it unclear to which element is being referred. Is it to the tobacco body or filter tip?

For examination purposes claim 1 will be read as claiming a cigarette filter comprising a filter unit having wood cuttings of a particle size of 0.2-1.2mm impregnated with sodium chloride solution.

### ***Allowable Subject Matter***

Claims 1-10 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

The following is a statement of reasons for the indication of allowable subject matter: the primary reason for allowance is that the cited prior art fails to disclose or reasonably suggest a cigarette filter comprising wood cuttings of having a particle size of 0.2-1.2mm impregnated with sodium chloride. The cited prior art does use wood for

cigarette filters but fails to disclose or reasonably suggest wood cuttings having the claimed size impregnated with a sodium chloride solution.
